IDENTIFIERS Minnesota

ABSTRACT

The dictionary of the Ojibwa or Chippewa language represents the speech of the Mille Lacs Band of Minnesota and contains over 7,000 Ojibwa terms. Each entry gives information on the word stem, grammatical classification, English gloss, form variations, and references to alternate forms. An introductory section describes the entry format and use, and an additional section on phonology and orthography precedes the dictionary entries. Both Ojibwa-English and English-Ojibwa dictionaries are included. (MSE)
